																					Total Hours	146

***Please consult with your faculty advisor for summers 2 and 3 to plan classes accordingly.** Capstone planning would be taken in Summer 3 instead of Summer 2. I think students would have the option to either take the other courses in summer 2 or take off summer 2 and take all Summer 2 courses in Summer 3. (Except if they need to Finish Level II started in spring2, then they would need to take 900 for remaining time in summer 2) (AKA Dory)
