**ADMISSION REQUIREMENTS:** You must be admitted to the Butler Community College ADN program for the semester in which you are applying for admission to the KU School of Nursing. If you apply for this program at KU but are not admitted to your community college's ADN program, you will not be considered for admission. You must begin the ADN and BSN nursing programs during the same semester.

Other requirements include a minimum cumulative GPA of 2.50, completion of the prerequisite courses detailed below, three letters of reference and a resume, in addition to the online application. Admission is competitive; applicants are not guaranteed admission.

When calculating GPA, all courses from all accredited colleges and universities attended are considered. Except for Intermediate Algebra, remedial courses are not factored into the GPA. When a course is repeated, both the original and the new grade are factored into the GPA. Except for ADN courses, courses that do not transfer to KU are not factored into the GPA.

**APPLICATION DEADLINE:** The KU application deadlines will vary depending upon the community college admission timeline.

**LIBERAL ARTS REQUIREMENTS:** Credit for the BSN is earned through a combination of liberal arts prerequisite courses, portfolio examination of ADN courses and KU BSN courses. The list below details the 59 credit hours of liberal arts courses required prior to matriculation into the Partnership program.

Courses with grades of "D" or "F" will not be counted towards the required 59 hours. No Pass/Fail courses will be accepted.
